Allestimento standard:

- meccanismo Cube - rete a doghe
- materasso poliuretano ad elevato confort
- cuscini di seduta composta: parte inferiore in poliuretano alta densità, parte superiore in morbida fibra
- cuscini d'arredamento 60x60 in morbida fibra
- cuscini di schienale con imbottitura in poliretano completa, per un maggiore confort
- sistema di montaggio a baionetta, sfoderabilità completa, rivestimento in tessuto coordinabile, eco-pelle e pelle

Standard equipment:

- mechanism Cube - orthopaedic bedstead with slats
- Polyurethane foam mattress - high confort
- composite seat cushions: lower part in high density polyurethane, upper part in soft fibre
- 60x60 cushions in soft fibre
- backrest cushions with full polyurethane padding, for added confort
- bayonet mount system, completely removable covers, in coordinabile fabric, similar leather and leather

Opzioni:

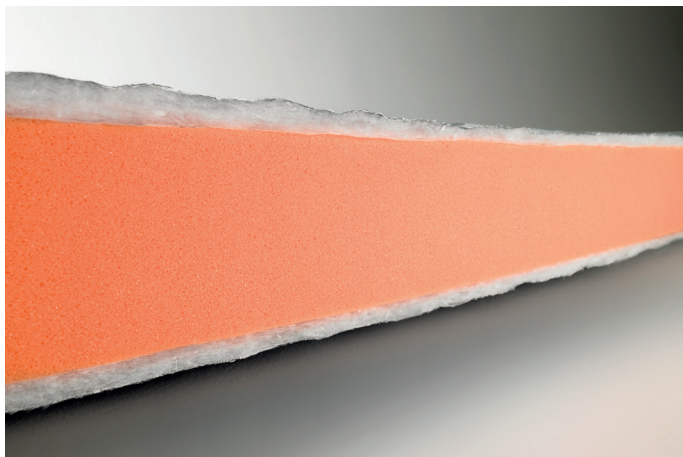

- materassi: molle insacchettate indipendenti, molle insacchettate con lastra in memory, poliuretano con lastra in memory
- topper o copri materasso trapuntato bianco con elastico, lavabile
- pouf con o senza contenitore
- divani e poltrone anche senza letto
- 4 ruote piroettanti

Options:

- mattress: independent pocket spring mattress, independent pocket spring mattress with memory, memory foam mattress
- topper or bedspread white padded fabric, washable with elastic
- pouf with or without box
- sofas and armchairs even without bed
- 4 swivel wheels

Il materasso in poliuretano ad elevato confort è un ottimo compromesso che combina adattabilità e sostegno.

Caratteristiche e utilizzo: Materasso elastico, con buona adattabilità, consigliato per l'uso quotidiano, per i climi freddi e per chi non ha difficoltà nella regolazione termica (il poliuretano è un ottimo isolante termico). La struttura è costituita da una lastra in poliuretano ad alta densità che garantisce ottimo sostegno ma è al tempo stesso morbida e accogliente.

Materiali: Il materasso è composto da un'anima di poliuretano espanso ignifugo senza C.F.C., indeformabile, rivestito da una falda di fibra termolegata. Il tessuto di rivestimento è in filo di poliestere e fibra modacrilica.

Tutti i materiali sono ignifughi e i materassi sono omologati in classe di reazione al fuoco 1IM secondo le rigide procedure del Ministero degli Interni italiano.

The polyurethane foam mattress - high confort is a good compromise that combines adaptability and support.

Features and use: elastic mattress, with good adaptability, recommended for everyday use, for cold climates and for those who have not difficulty in thermal regulation (polyurethane is an excellent thermal insulator).

The structure is made from a layer of high density polyurethane that ensures good support but at the same time soft and comfortable.

Materials: Polyurethane mattress is made by a polyurethane foam core with no C.F.C., non-deformable, covered with a heat sealed layer. The covering fabric is in polyester and modacrylic fiber. All materials are fire retardant and moreover mattresses are 1 IM fire reaction class in accordance with the strict laws of Italian rules.

Cube

Sistema rete ortopedica tradizionale con doghe da cm 7

In questo sistema sono presenti 2 liste di doghe di multistrato di faggio evaporato senza formaldeide, larghe cm. 7, il cui spessore varia da mm. 12 a mm. 8, a seconda della lunghezza. La curvatura verso l'alto permette una perfetta ergonomia.

Traditional orthopaedic bed base with 7 cm strip slats

In this System, we have two series of beechwood multi-ply slats vapour treated without formaldehyde. They are 7 cm wide and their thickness ranges from 12 mm to 8 mm, depending on the length. The upward bending allows a perfect ergonomics.
